Mysogel Products

Stopping the spread of infection means holding the products you use to a higher standard.

AGMA Mysogel is independently proven to kill bacteria and enveloped viruses, including coronaviruses, without drying out the skin.

Backed by over 50 years of manufacturing experience, AGMA Mysogel is a fully validated, compliant, and premium quality biocidal hand sanitiser.

MYSOGEL CITRINE

- Ø A fast-acting alcohol hand gel containing 80% v/v denatured ethanol, added emollients, and a light lemon fragrance.

MYSOGEL SPECIALIST

- Ø A clear unscented hand rub containing 70% v/v denatured ethanol, additional 10% v/v Isopropanol and emollients for regular use.
